

Parents and Students:

We have received questions about field trips, spring sports, end-of-year activities such as the Hershey Trip and graduation. At this time, we are continuing to monitor the situation and do not have any new information to share. We do want to inform you that the 2019-2020 yearbook is still being created. The yearbook will be smaller, since there are no spring activities. However, we would like to add a section on distance learning and we need your help. If you are interested, please take pictures while you are distance learning. The pictures can be submitted directly to the yearbook site. Here's how you do it.

From your cell phone, download the Balfour Image Share app. Create an account by inputting your school email and the BRMS project number which is 075868. Once this is done, you can take photos on the app and share them directly to the yearbook. The picture deadline is Wednesday, April 22nd.

We know how challenging these times are for you and our students. Please know that we are here to help and offer our support. Stay safe.
